Tan (♣) Mans -In raply to a querist, in that excellent publication, the Printer, we would suggest that the dollar (\*) mark is a combination of the letter f and a. The Span-

ish, with whom it originated, called the corn fuertes; or hard, to distinguish it from "script," as is frequently done at the pres-ent day, when the term 'hard dollars' is used. This mark is composed of the first and last letters of this word fuertes; and to distin-guish it from france and florins, the s is coiled around the f, and thus preserves the dis-tinction much beyond the U. S. theory though quite appropriate,-[Scientific Arti
